Soviets, Chinese Split In Reaction To U.S. Election

West Looks to Kennedy to Check Red Tide

Latin Americans Express Hopes for 'Marshall Plan' Aid

LONDON (AP)—The giants of the Communist world split today in their reaction to the election of John F. Kennedy. Moscow was friendly, Peking hostile.

While most of the Free World looked to the U.S. president-elect for dynamic new leadership, Soviet Premier Khrushchev fired off a congratulatory telegram to Kennedy declaring readiness for "most friendly relations" and proposing negotiations on disarmament, Germany and other cold war issues.

Khrushchev, who blamed President Eisenhower for the U2 incident and collapse of the Paris summit, said he hoped Soviet-American relations "will again follow the line along which they were developing in Franklin Roosevelt's time."

Slaps At Kennedy

Red China's official New China news agency, however, described the president-elect as a member of one of America's richest families and called him an advocate of military spending and war preparations.

The comment made clear that the election has not altered Peking's hate-America policy.

The differing Red reactions reflected the Moscow-Peking argument over peaceful coexistence—with Khrushchev holding that war is not inevitable because communism can triumph by peaceful competition, and the Red Chinese arguing that "just wars" are inevitable as long as capitalism exists.

Moscow's Pravda, the communist party newspaper, claimed American voters had rejected Vice President Richard M. Nixon because Republican policy had not conformed to "the interests of safeguarding peace." Moscow radio said some observers believed the new administration

British Youths Hanged for Brutal Murder

LONDON (AP) — Two British youths were hanged today for kicking a man to death after robbing him.

The hanging of Francis Forsyth, 18, and Norman Harris, 23, was preceded by the usual protest against capital punishment in Britain. But in contrast to the noisy demonstrations that have accompanied some previous executions, only small silent crowds stood outside the two prisons.

Forsyth was hanged in South London. Harris died at Pentonville, five miles to the north across the Thames.

Their victim was Allan E. Jee, 23. Forsyth, Harris and two others attacked him to rob him shortly after he had given his girl a \$100 engagement ring and kissed her goodnight.

One of the other attackers was 17—too young to hang—and was ordered confined indefinitely. The other was found guilty of non-capital murder and sentenced to life imprisonment.

Kennedy Drafts Messages to Ike, Russian Premier

HYANNIS PORT, Mass. (AP)—John F. Kennedy, president-elect for less than 24 hours, prepared today to answer a telegram from Soviet Premier Khrushchev about cold war problems and renewed efforts to ease them.

Khrushchev's message reached Kennedy only a few hours after the senator's election as president became definite.

Kennedy also was drafting a reply to a second telegram from President Eisenhower. It dealt

Nixon Receives Job Offers

Veep's Plans for Future Unannounced

WASHINGTON (AP) — Several universities, law firms and corporations already have offered positions to Vice President Richard M. Nixon, an aide says.

But his press secretary, Herbert G. Klein, said Wednesday night he had absolutely no idea what Nixon plans to do after leaving the vice presidency next Jan. 20.

There was no immediate word on any possibility of his remaining in politics.

The Nixons were cheered Wednesday night by a crowd of about 500 when they returned by jet airliner from California. With the vice president and his wife were their two daughters, Tricia, 14, and Julie, 12.

For Nixon, it was the end of a 64,000-mile quest for the presidency in which the grand prize had gone to Democrat John F. Kennedy.

In the airport crowd greeting the Nixons were Secretary of State Christian A. Herter, Atty. Gen. William P. Rogers and Lt. Col. John Eisenhower, son of the President, and his wife, Barbara. The President had left during the day for a golfing vacation in Augusta, Ga.

Nixon told the greeters that the airport turnout was "the nicest thing that's happened to us in the whole campaign." Mrs. Nixon nodded agreement, and the crowd applauded.

Newsman aboard the plane did not have an opportunity to question the vice president about his future plans, or anything else. But Klein said Nixon had received quite a sheaf of telegrams offering him positions before he left Los Angeles.

Klein said he knew nothing about Nixon's plans for the next few days, but speculated that the Nixons probably would want to get away soon for a vacation.

Constables Elect N. Georgetown Man

Merle Hardy of North Georgetown was elected president of the Columbiana County Constables Association at a meeting held Wednesday evening at the Washington Township trustees house in Salineville.

He succeeds Roy Painter of Hanover Township.

Alvin K. Johnson of Salineville was elected vice-president and Roy Painter was elected secretary-treasurer.

Forrest Young of Summitville was elected trustee for a three-year term.

The constables' next meeting will be held Dec. 13 at the Franklin Township house in Summitville.

with the problem of setting up liaison for the administration and Kennedy between now and the time when Kennedy takes office next January.

The senator's press secretary, Pierre Salinger, said Kennedy expected to answer both messages today.

At the same time, Kennedy's aides were working out arrangements for him to go to Palm Beach, Fla., to rest for 10 days to two weeks, Salinger said. Kennedy might leave Hyannis Port, his summer home, on Friday.

Khrushchev's telegram appeared to indicate a desire for direct discussions between the United States and the Soviet Union on the most dangerous world problems.

"I think you will agree that the eyes of many people are fixed on the United States and the Soviet Union because the destinies of world peace depend largely on the state of Soviet-American relations," Khrushchev said.

He referred to disarmament and the question of a peace treaty with Germany as major questions. "We are ready, for our part, to continue efforts to solve such pressing problems," Khrushchev messaged.

Congratulated Kennedy

He congratulated Kennedy on winning the presidency and said "We hope that while you are at this post the relations between our countries will again follow the line along which they were developing in Franklin Roosevelt's time."

On the matter of "orderly transition of government" the procedure is for the president-elect to appoint a representative to meet regularly with administration officials on current developments. This representative keeps the incoming president advised.

Kennedy said he would "announce within 24 hours arrangements with regard to the transitions."

But he said he would make no arrangements of appointments to his administration before Thanksgiving.

Count Shows That Leetonia Issue Lost

Leetonia voters turned down a \$69,000 fire station bond issue, it was shown today as the County Election Board met in its office at East Liverpool to begin the official canvass of returns from the general election Tuesday.

Requiring a 55 per cent affirmative vote or passage, the issue fell short of a majority. The count showed

Yes	540
No	567

The vote by precincts shown in the official returns from Leetonia was:

Precinct A, 122 for the issue, 160 against; B, 133 for the issue, 144 against; C, 120 for the issue, 126 against, and D, 163 for the issue, 137 against.

The bond issue was to provide funds to erect a new fire station and purchase a new fire truck and service car.

The election board started the official canvass of the returns this morning, estimating that the job will continue through Friday and may extend into Saturday.

Figures issued on the election Wednesday, although complete, were unofficial. The official canvass produces the figures which are certified to Secretary of State Ted W. Brown at Columbus.

Republicans Control Both Houses

Ohio GOP Wins Pose Problems for DiSalle

COLUMBUS, Ohio (AP) — Ohio Republican election victories pose a tough legislative problem for Democratic Gov. Michael V. DiSalle.

GOP strategists geared their campaign to what they termed resentment over more than \$300 million in tax increases voted by the last Democratic-dominated General Assembly at DiSalle's behest.

The issue paid off when Republicans regained control of both houses of the Ohio legislature, won most of the other major Buckeye races and delivered Ohio's 25 electoral votes to Vice President Richard M. Nixon.

DiSalle conceded the tax issue played a role in President-Elect John F. Kennedy's loss of Ohio by nearly 265,000 votes in a record turnout at the polls.

Complete unofficial totals gave Nixon 2,182,944 and Kennedy 1,918,100.

Asserting that talk of a special legislative session this year could be discounted, the governor told newsmen:

"I don't want to deprive a Republican legislature of the responsibility they seek."

He mentioned an extension of the jobless pay period and steps to implement the federal old age medical care program as part of that responsibility.

"This (the election results) might very well be considered a mandate to wait for a Republican legislature to consider some of these programs," DiSalle added.

Republicans will outnumber Democrats 82-57 in the House and 20-18 in the Senate when the new legislature convenes next Jan. 2.

Ten Democrats and four Republicans will be holdover senators. In the last session, Democrats held a 68 - 61 advantage in the House and 20-13 in the Senate.

Five senators were added for the coming session under a membership formula based on the federal record high of 38.

Sen. C. Stanley Mechem, R-Athens, regarded as the likely Senate majority leader, said Republicans "will make every effort" to carry out the party's legislative platform. Rep. Roger Cloud, R-Logan, expected to become House speaker, backed up Mechem.

Both Mechem and Cloud were minority leaders in their respective houses last session.

The GOP platform promised local governments "a better break" in highway fund distribution by taking some \$30 million for the Department of Highway Safety from general revenues instead of using motor vehicle license fees.

Mechem pictured Republican legislative victories as "a step to the DiSalle tax binge" and Cloud agreed with him that the state's financial picture should be reviewed.

Their expressions boded ill for any further efforts by DiSalle to win approval for new or expanded programs from a Republican-controlled legislature. Although his mental health and welfare programs are financially hard-pressed, the governor previously indicated he would not seek new taxes.

In Tuesday's election, Republicans

Plans Advanced For Change of Administrations

Kennedy Welfare Measures to Face Tough Opposition

WASHINGTON (AP) — President-elect John F. Kennedy's promised package of economic welfare measures will face a number of tough hurdles in the first session of the 87th Congress.

But the new chief executive also will have several things in his favor as he tries to put through four proposals which he repeatedly told his campaign crowds would be high on the agenda of a Kennedy administration.

The four are minimum wage liberalization, a medical care program tied to the Social Security system, federal aid to education, and depressed areas legislation.

Issues Debated For Years

These have been debated for years; all were hot issues in the last Congress, but failed of enactment because of vetoes or a legislative snarl or just plain lack of votes.

On the debit side for Kennedy in his drive to win passage of the measures will be:

1. The closeness of his popular vote victory, which foes of the measures can interpret as meaning he has no mandate for his program.

2. The falling off of Democratic majorities in both Senate and House.

3. The stiff opposition of many groups and particular economic interests to the four measures; this has contributed heavily to their defeat so far.

4. The likelihood of a continued conservative Democratic - Republican majority on the House Rules Committee. This body has wide roadblock powers, but efforts may be made to trim these when the new Congress meets.

On The Credit Side:

1. The important powers of a new president, which Kennedy has had a chance to study from the congressional viewpoint for 14 years. These include the appointive power and the job of drawing up the federal budget with all its far-reaching ramifications.

2. The affirmative White House leadership which Kennedy will give in behalf of the measures, in contrast to President Eisenhower's opposition to them.

3. The switch in the chairmanship of the House Labor and Ed-

Griffith and Brown Are Appeals Judges

Complete but unofficial returns from the 13-county Seventh District Court of Appeals today showed that Judge Lynn B. Griffith of Warren, incumbent member, and Atty. Paul W. Brown of Youngstown were winners in the judicial balloting at Tuesday's general election.

Atty. Brown was named to succeed Judge William T. Allmon of Carrollton, who had been appointed after the death of Judge Elmer T. Phillips several months ago.

Judge Griffith received 226,974 votes over 160,186 for former Appellate Judge John B. Nichols of St. Clairsville.

Atty. Brown received 257,900 votes, defeating Judge Allmon, who had 125,910 votes.

In Columbiana County, Judge Griffith received 18,565 to 15,383 for Nichols, and Brown was given 23,168 to 12,174 for Judge Allmon.

9 Irish Soldiers Killed In Congo

Fanatic Savages Believed Attackers

LEOPOLDVILLE, the Congo (AP)—United Nations soldiers advanced from three sides today on a tribe of fanatic savages suspected of having killed nine Irish soldiers in a North Katanga ambush Tuesday.

The mutilated bodies of five of the ambush victims were found Wednesday by an Irish search party. A U.N. spokesman said they could not be identified. Four other men are missing and presumed dead.

Two members of the 11-man patrol survived the ambush without injuries, but were too shocked to give any immediate information, the spokesman said.

The survivors, Pvt. Joseph Fitzpatrick and Trooper Thomas Kennedy, are under medical care at Albertville.

The ambush was at first believed to have been staged by members of the Baluba youth movement, supporters of ex-Premier Patrice Lumumba and violently hostile to Katanga's secessionist premier, Moise Tshombe.

Later information raised a suspicion that the attackers may belong to the fanatic Kikwi tribe, outlawed to the remote and desolate area many years ago by the Belgian colonial administration.

The Kikwi were converted into Jehovah's Witnesses by American missionaries during the 19th century. They interpreted their new belief as requiring the killing of nonbelievers. They are believed to have formed a secret society to which a tribesman could be admitted only if he killed his own father.

Rikhye said that if the Kikwi are in fact responsible for Tuesday's massacre "our task will be very difficult."

More than 100 United Nations soldiers were cautiously moving forward into the area today with orders to shoot to kill if attacked.

The President also said he would welcome meetings between designated Kennedy representatives and those of the Eisenhower administration, particularly Secretary of State Christian A. Herter.

In a message sent from his vacation headquarters, Eisenhower suggested that Kennedy send an aide to meet with the White House chief of staff, Wilton B. Parsons, to make the arrangements.

"I would like you to know that I stand ready to meet with you at any mutually convenient time to consider problems of continuity of government and an orderly transfer of executive responsibility on January 20 from my administration to yours," the President said.

300 Electoral Votes Held by Sen. Kennedy

Expected Soon To Designate New Secretary of State

WASHINGTON (AP)—Despite a dwindling popular margin from a record voter turnout, Sen. John F. Kennedy held 300 electoral votes today as he prepared to take over the presidency 71 days hence.

With counting continuing in California and Alaska, Kennedy had captured 22 states with 300 electoral votes—31 more than the needed 269. Vice President Richard M. Nixon took control in 25 states with 188 votes. Eight electors in Mississippi and six in Alabama were not committed.

But in the popular vote, Kennedy held a margin of less than 325,000 votes in a tally of more than 66 million for the major party candidates. With returns yet to come and tallies for minor parties, it appeared that Kennedy's presidential victory might come on less than a majority of the popular vote cast. His 50.2 per cent of the popular vote made it the tightest election since the first Benjamin Harrison-Grover Cleveland race in 1888.

Plans already were under way for Kennedy representatives to work with administration officials in arranging for the changeover next Jan. 20.

Foreseeing a "difficult and challenging" period during the next four years, Kennedy said Wednesday that "there is general agreement by all our citizens that a supreme national effort is needed to move this country through the 1960s."

"All of our energies will be devoted to the interests of the United States and the cause of freedom around the world."

Working with him will be a Democratic-controlled Congress in which, however, Republicans will show some gains over the present lineup. For the last six years, Congress and the White House have been controlled by different parties.

Tuesday's election provided a

Russian Congratulates Kennedy

Nikita Maneuvers For Summit Talk

WASHINGTON (AP) — Soviet Premier Khrushchev is already maneuvering for a summit conference with President-elect John F. Kennedy. He has begun with soft words and this probably signifies a lull in the cold war for the next several months.

Western diplomats here agree that Khrushchev's interest in resuming negotiations looking to a new summit meeting was behind the unusual message of congratulations which he dispatched to Kennedy Wednesday.

In his message, Khrushchev called for a return to the kind of Soviet-U.S. relations which existed in the administration of President Franklin D. Roosevelt at a time when the two countries were allied against Nazi Germany. But he went beyond that reference to the past.

He declared that in the interest of world peace the Soviet Union is ready "to continue the efforts to solve such a pressing problem as disarmament, to settle the German issue through the earliest conclusion of a peace treaty and to reach agreement on other questions."

"Any steps in this direction," he said in a sentence that could embrace both summit and diplomatic negotiations, "will always meet with the full understanding and support of the Soviet government."

Kennedy during the campaign declared himself willing to go to the summit but only on condition that "there is some reason to believe that a meeting of minds can be obtained on either Berlin, outer space, or general disarmament—including nuclear testing."

For the period immediately after the next president takes office Jan. 20 Kennedy said the president should focus on building up U.S. strength because "the Soviet Union does understand strength."

Neither in Kennedy's statement before the election nor in Khrushchev's new message is there any hint of changes in basis U.S. or Soviet policy.

Khrushchev has said repeatedly that he wants a peace treaty signed separately by East and West Germany, whereas the United States stands firm on a peace treaty signed by a united Germany. Khrushchev wants the western Allies to pull out of West Berlin. Kennedy, like Eisenhower, has pledged firm U. S. support for

the continued independence of West Berlin from Communist rule.

What the friendly wording of the Khrushchev message does seem to mean is that the Soviet leader is prepared to resume active broadscale negotiations with a new U. S. administration on a variety of problems.

The Doctor Says

By Dr. H. T. HYMAN

Dye Opens Miracle Drug Door

How would you like to read a fairy story? Well, if you or any one in your family suffers from diabetes, severe acne, shaking palsy (parkinsonism) or multiple sclerosis, here's a stranger - than-fiction tale that may help you to a share in the proverbial pot of gold that's said to be at the foot of the rainbow.

Back in 1903, a German manufacturer commissioned a chemist, named Gelmo, to furnish a violet dye that wouldn't fade when his textiles were washed. Gelmo

Dr. H. T. Hyman came up with what we now know as sulfanilamide, first of the miracle drugs.

In 1935, Dr. Domagk came across sulfanilamide in the course of a search for an anilin dye that had a stronger action on skin bacteria than the gentian violet he and other doctors had used for many years to paint boils and related infections.

Out of Domagk's rediscovery of the forgotten dye, the whole science of anti-infective treatment was born.

BUT THAT'S ONLY the beginning of the story. With recognition of the lifesaving properties of the violet dye, chemists all over the world began making (synthesizing) other sulfa preparations. Among these sulfas was one called tolbutamide.

Well, tolbutamide was a disappointment as a bug-killer. But someone noted that it lowered the blood sugar level of diabetic patients. And now, under the registered name of Orinase, it's used by scores of selected diabetics under strict medical supervision.

That brings us up to 1959 when a pair of Canadian physicians, Drs. J. L. and A. D. Cohen, found a high concentration of sugar (glucose) in the tissues of patients with severe acne. Since these patients had normal levels of blood sugar, the Cohens suggested that acne might be a manifestation of a "skin diabetes."

THEY CAUTIOUSLY administered tolbutamide to some of their patients with severe acne who had failed to respond to conventional methods of treatment. And they noted gratifying results.

Dr. Glen Thomas Sawyer of Minneapolis learned of the Canadian experience and was prompted "to use the drug for one of the young multiple sclerotic patients

who had a severe acne of the back."

To his amazement, not only did the acne clear but the young man was able to leave bed and wheel-chair and "walk well with cane."

Soon after, he was discharged. Except for "a slight unsteadiness when attempting to walk rapidly," he was free from symptoms which, before treatment, included numbness of the hand, double vision and dizziness.

Don't miss the next episode in this medical "cliff-hanger" in a forthcoming column.

The State of Being Unwell

Encouraged by a blast from the president of American Medical Association against mass hypochondria, a million or so courageous skeptics may add their views on the subject. There is much to be learned.

Dr. E. Vincent Askey of Los Angeles says health isn't found in pills, bottles, food supplements, fad substances and potions. He says the nation has been led up the garden path.

But if the observation is not disrespectful, it has been led farther up the path than the president of American Medical Association indicates. Investigation of substances being prescribed for treatment by medical doctors suggests that health isn't going to be found in these substances either.

There has been a suggestion that the drug companies should be required to provide performance bonds for some of the medications that have become common, particularly the ones so expensive the patients decide it would have been just as effectual to swallow the money.

There is more to this matter than a problem of the medical profession related to the health of patients. There is a problem of the American people related to the proper care of their individual and collective interests. The problem has political aspects, too.

It is not something the psychiatrists could take care of. The likeliest solution to the problem, if it can be solved at all, is in the wisdom of philosophers.

At their best, philosophers can make it seem reasonable for human beings to live their lives in tune with the verities that surround life. They can reveal the merit of balance, the relation of action to reaction, the importance of accepting what cannot be changed, like death, and the importance of changing what cannot be accepted, like demagoguery.

Dr. Askey calls it mass hypochondria. The next noise he will hear will be upward of a million skeptics roaring, "Amen." American is not sick—not really. Too many Americans think they are unwell, that's all.

Did Anyone Think to Pack Beer and Sandwiches?

Can a Teacher Strike in New York?

So many questions are raised by the strike action of one union of New York City school-teachers that only a few ever will be answered.

Among the few, the foremost one has been hanging fire so long no one knows what the answer is.

Can a public school teacher strike in New York?

New York has an anti-strike law like Ohio's prohibits public employees from striking. The trouble is that the law, which says any employee who violates it must be fired immediately, is so strict it never has been enforced. Public employees have gone on strike in New York with no punishment inflicted.

The public officials who would have to do the firing can't bite the bullet when the time comes. They shy away from the probable consequences of reminding employees of publicly owned and operated subways, for instance, that they have become second-class employees insofar as their collective bargaining rights are concerned.

They talk with bravado of what they are empowered to do by the law, hoping to scare off the monster that would devour them if it ever came close enough to bite them with its hungry teeth. So far, in New York City, their bluff hadn't been called by teachers. There had been no teacher strike. It has been called now.

A Second Emancipation

By RAYMOND MOLEY

In the first term of the new president, elaborate ceremonies will undoubtedly be held in 1963 to commemorate the centenary of the Emancipation Proclamation.

It might be a good year for enlightened Americans to call attention to the sordid practices of politicians of both parties who regard the Negro as a political pawn.

No one should demand this with more fervor than Negro leaders who are not presently in politics.

By that year, regardless of the outcome of this election, there will be a president who has pledged himself to labor prodigiously to provide progress toward giving Negroes reasonable equality of opportunity.

I expect that the great controversy over this issue will die down rapidly after this election, unless politicians and self-serving Negro leaders excite it further.

IT IS ALREADY time that Negroes who have made such great progress in education and economic status should demand that they be treated in the appeals of politicians as citizens of the United States who have concerns other than those which affect them solely as members of a race.

We are all equally concerned over foreign affairs, the stability of our economy and with cultural progress of all kinds.

In every great city it has been revolting to see political leaders of both parties bid for a solid Negro vote. In New York four governors in the past 20 years—Lehman, Dewey, Harriman, and Rockefeller—have treated the Harlem votes as special cases.

It is true that in those years Negroes in New York, as well as elsewhere, have attained important public offices and members of their

race are well represented in the public services.

This is due to the rising capability of Negroes themselves, which has been recognized by people who are not politicians.

It was Branch Rickey who, by employing Jackie Robinson as a player on the Brooklyn Dodgers, opened the way to many fine Negro players on major league clubs and thus greatly increased the quality of our national sport.

Rickey was no politician. He discovered and gave opportunity to those who would be a credit to baseball. It was no token gift to the race.

In the campaign now completed, the appeal to the Negro as a member of a race and not as an American citizen was especially pronounced. His vote was regarded as "pivotal."

In the magazine Jet there was a calculation of how the election could be decided by special appeals to the very considerable Negro minorities.

THE NUMBERS cited by Jet were: New York, 775,000; Illinois, 510,000; Pennsylvania, 460,000; California, 450,000; Ohio 400,000; Michigan, 350,000.

It is unfortunate for the Negro himself that these large blocs of votes should be regarded as the balance of power. For nothing so intensifies prejudice as the assumption that members of any minority vote as a bloc.

I once heard the distinguished Rabbi Wise say in his pulpit that the moment there was a "Jewish vote," there would be an anti-Jewish vote.

The concept of classes, whether they be based upon race, religion, or economic status, is repugnant to the whole spirit of America. To consider them as such is to usher in what might be called "political tribalization."

Ultimately, such reliance upon class voting will destroy the reality of a two-party system. For each party will be divided into classes and factions.

Never was a national unity, with a broad national spread of both parties into all groups, needed as much as now. It is time to end the concept of any group as a political pawn.

'Campaign Oratory'

By DAVID LAWRENCE

The Bark That Is Worse Than The Bite

Businessmen, more than any other group, are glad the election is over. They have been anxious and hesitant. It wasn't altogether the fear that, while one party would adhere to sound fiscal principles, the other would take a chance on deficit spending.

It was the uncertainty itself which produced a psychological reaction that added up to a pause rather than a movement ahead.

Despite all the volume of words in the speeches, businessmen couldn't tell just what policies they would encounter in a new administration.

The country is passing through a mild "recession" or "readjustment" but this alone would cause little concern. Thoughtful students of economic problems know that something more fundamental is causing anxiety. It is the rapid growth of economic blocs in our midst which at any moment can stifle the business progress of the nation and throw it into a tail spin.

Neither candidate dared to mention it but the real cause of our economic upheaval and the narrowing profit margins for business is the irresponsibility of groups that hold vast economic power.

THE STEEL STRIKE caused the present recession. Yet not a word came from either campaign speaker to enlighten the people on the same menace that faces American prosperity in the future.

If a group of labor leaders can tie up the economy of the country by a prolonged strike and are not held accountable for their actions by any public authority, the end result must be chaos.

How long can America face up to the competition with the Soviet Union if each group here can do as it pleases without regard to the public interest?

This is a political question but the campaign hasn't answered it. Recession after recession is to be expected if the country is to be subjected to costly strikes, irrespective of the capacity of business to absorb higher and higher wage costs.

The politics inside trade unions has reached proportions dangerous to the future stability of the economy.

HERE IS WHAT the "monthly letter" of The First National City Bank—an analysis recognized as sound and authoritative by most businessmen—had to say in its November issue:

"Although doing more business and handling more money in the aggregate than ever before, American corporations this year have been facing a difficult challenge in maintaining their profit margins.

"In a new era of intensified domestic and international competition, which has denied opportunity for price increases and led to at least spotty price weaknesses, efforts have been required to shave controllable expenses in every possible way.

Nevertheless, uncontrollable elements of cost—principally employment costs—in company with

failure of sales to reach higher levels, have trench upon corporate net earnings.

When profits are related to sales, and examined on a quarter-to-quarter basis, a slow but sure erosion of margins becomes apparent. . . .

"The profits pinch reflects struggles of business in coping with a new environment of worldwide competition. . . . With markets more and more competitive, discounts from list have become commonplace while sales efforts have had to be intensified.

"At the same time, wages, taxes, and other cost elements have continued upward about as rapidly as in previous years."

What does all this mean? I certainly can't mean that the government is able to engage in another such "pump-priming" venture as brought ruinous results during New Deal days.

IT CAN'T MEAN that more and more luxuries are to be appropriated for by the government in the name of social welfare and without regard to the capacity of corporations or individuals to pay higher taxes.

The new administration in Washington rather will have to worry about how to cut expenses in government and how to bring about a better climate for business.

Nor can new policies be introduced that mean more spending abroad. There will not be as much to go around as before, either for Africa or Latin America and much of the campaign twaddle about helping the underprivileged in Brazil, for instance, will have to be forgotten.

The truth is the American dollar is in trouble. The loss of gold is a sign of weakness in our international position.

The United States cannot afford to keep on giving dollars away as it did in the early years of the postwar period.

THE SAME "monthly letter" of The First National City Bank—which incidentally has branches in most of the important countries—puts its finger, moreover, on the real problem of the dollar and the loss of gold as follows:

"There are fears, expressed by some Americans and foreigners alike, that a new administration taking office Jan. 20 next will enlarge government spending and perhaps also seek to impose an artificial cheap money policy.

"While these things may not come to pass, it is not unnatural that some of the 'cheap money' campaign speeches should have aroused fears at home and abroad of a new surge of inflation in the United States."

It is a sad commentary on modern democracy that so little thought has been given to the effect abroad of the extravagant promises as to government spending.

These were conveyed in the campaign speeches designed to get votes by appealing to the selfish instincts of the citizens.

Most Americans know how to discount such things but foreigners do not.

Hence the next few weeks will be occupied in reassuring the world that "campaign oratory," as Wendell Willkie once used the phrase, is after all the bark that is worse than the bite.

This and That

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Widows seem to hold a fascination for U.S. presidents. Seven presidents, beginning with George Washington, married widows.

Here's another White House oddity: You are more likely to become president if you come from a large family. Eighteen came from families of six or more. None was an only child. When you are born into a large family, you have to learn how to get along with people—the politician's art.

Prosperity note: Singer Brian Hyland owned one suit and one pair of shoes before he made his hit recording. Now he has 20 suits and 30 pairs of shoes.

Sid Ascher gives this definition of women who worry too much about their weight: Hippo-chondriacs.

The ladies are getting their hands on more money all the time. More than half of the 625,000 people employed by U.S. banks are women.

Our quotable notables: "Most people," said John Erskine, "have some sort of a religion—at least they know which church they're staying away from."

A piano looks simple but it has 7,500 parts—more than an auto. Salesmanship in signs: a shoe store advertises: "Shoes—\$8.50 a foot". . . a barber shop proclaims: "We need your head to run our business." A downtown pet shop announces: "Everything must go—lost our leash."

The power of the press: The U.S. newspaper industry gives jobs to more than 280,000 people—who earn better than a billion dollars a year.

The agile Indian: The world's fastest typist, S. N. Nikalee, a Hindu, can hit the typewriter keys accurately at a speed of 145.9

words a minute. How does he compare with the stenographers in your office?

Nature lore: The grebe is one of the world's most practical birds. It not only eats its own feathers—it also feeds its feathers to its young.

Judge Douglas Showed the Way

One incident of history, belatedly recalled, sheds light on the one incident of the 1960 campaign that marked it as different from its predecessors.

The famous Lincoln-Douglas debates of 1859 catapulted Abraham Lincoln into more prominence than he ever had enjoyed before by putting him opposite one of the most famous men of his era—Judge Stephen A. Douglas.

The Dictionary of American Biography says of Douglas at this period in his brilliant career: "He was known everywhere; he was always sure of an audience; he enjoyed the favor of the Illinois Central Railroad which put special trains at his service; he drew liberally upon his own pecuniary resources; he was aided by a gerrymander which gave the Democrats an advantage in electing

members of the legislature. He forfeited some of these advantages, however, when he accepted Lincoln's proposal of a series of joint debates, for Lincoln had no such following and could command no such public importance. The picturesque features of these joint debates, in which Lincoln appears for the first time as a national figure, have given them perhaps an undue importance."

It is of further historic interest that another son of Illinois, Adlai E. Stevenson, is credited with the idea for the television debates in 1960; he presumably knew what debates had done for the little known Lincoln, who, though defeated by Douglas in their contest for the U.S. Senate, was nominated for the presidency because of his new-found fame as the man who had debated the redoubtable Judge Douglas.

All Quiet on the Southern Front

An Associated Press roundup of public school integration in the racially troubled South highlights a noteworthy fact:

Integration scarcely has raised a ripple in the 1960 school year so far.

Two things evidently account for the unprecedented absence of riots, dynamitings, political blasts and school closings.

One is the discovery by southerners that the U.S. Supreme Court and the U.S. Department of Justice weren't fooling when they advised southern school districts to accept the principle of integration even though they were not prepared to accept the practice.

The Signs Linger On

The election is over but candidates' signs on poles, remnants of the political campaign, hang on.

"There oughta be a law," some observers have been heard to say.

There is a law, in Salem anyway. A city ordinance brands it a misdemeanor to erect such signs unless a city license is first obtained.

But since over-zealous candidates have left their mark about the city, the courteous thing for them to do would be to have the signs removed.

Once Over

Railroads are in such destitute shape they need "CARE" packages to see a ray of hope. One of them, the New Haven railroad—so broke it could sell lead pencils—has been granted a \$4 million federal loan and will get three-state tax cuts while it is still living another week and it would have been too late for blood transfusions.)

It had become a railroad, like some others, on which the men who tap the wheels with a hammer seemed to be sending out SOS calls. It passed signals, passed dividends and passed the hat. The locomotive whistles came through in the rhythm of "Over The Hills to the Poorhouse." The caboose was a luxury car.

When a flagman went back he carried rockets bought on time payments. Traveling public abandoned its printed schedules and consulted tea-leaf readers and crystal balls to get correct train arrivals and departures. It sometimes sold parlor car seats on cars not even included in the specified train. Computers phoned home: "Don't wait up for me, I'm coming by train."

It had some extra bad management. Its presidents included lawyers and speculators. But it suffered heavily from unfair truck

The federal government was interested in upholding the constitutional prohibition against discrimination as a legal practice. It was aware of the difficulty of sudden change. It knew desegregation would have to be slow. But it knew, also, that the federal government could not allow a minority of its states to disobey the Constitution wilfully; that the United States could not allow a minority of its states to discriminate blatantly against nonwhite citizens in a world made up of mostly nonwhite humans.

The other thing that may account for an absence of news about race discrimination in the South this fall is the presidential campaign.

Nothing would have been more embarrassing for Democrats than to have Orval Faubus or any other southern race-baiter on the loose during a national campaign in which the votes of northern Negroes constituted one of the big prizes.

Democrats have been adept at playing both ends against the middle as far as Negroes are concerned. In the South, they don't let Negroes vote. In the North, they encourage them to vote Democratic. If Negroes ever discover that southern Democrats and northern Democrats belong to the same lodge, there will be the devil to pay.

operations, which got all the breaks with few of the operational costs.

Auto age took away countless passenger-train riders. It got its troubles wholesale and was plausibly a candidate for inclusions on "Neediest Cases" list.

It moved in an atmosphere of gloom, debt, inefficiency and low morale. It is an important eastern road, a victim of government indifference and a sort of poor relation in the world of travel.

Its severest critics will be glad to know it is getting a smile, a glad hand and a few million dollars. It replaces the torn curtains, mends the ripped seats, deodorizes the coaches, cleans up the paper cups, beer cans, broken bottles and filthy litter from the tracks at its main terminals and gets trains through on time all may be forgiven.

Try Roast Leg of Lamb

Supplies of lamb are now plentiful and prices are reasonable. The average American eats about 4½ pounds of lamb a year, with people in the Northeast leading.

Legs of lamb, and loin and rib chops, are always popular. But more and more homemakers are learning that the more economical cuts make delicious family dishes, rich in protein and iron.

These include inexpensive neck slices, shoulder chops, rolled and cushioned shoulder roasts, hank ground lamb, riblets, whole breast and spareribs.

Savory Irish Stew (Yield: 4 servings)

One pound lean lamb, cut in cubes; salt, pepper, flour, 1 onion, sliced; 2 tablespoons fat or oil, water, 2 potatoes, diced; 4 small

carrots, diced, 1 turnip, diced; 1 tablespoon chopped parsley.

Sprinkle the meat with salt, pepper and flour; brown it with the onion in the fat. Add water to cover. Cover pan and cook slowly until meat is almost done—about 1½ hours. Add potatoes, carrots and turnip and cook until tender—20 to 30 minutes. Add parsley.

Leg of Lamb with Curry Glaze

Three-quarters cup stock or bouillon, 2 tablespoons lemon juice, 1 tablespoon curry powder, 2 tab-

lespoons chopped parsley, 1 teaspoon grated lemon rind, one 5- to 6-pound leg of lamb, 4 orange slices, halved; 4 lemon slices.

Combine stock or bouillon, lemon juice, curry powder, parsley and lemon rind; mix well. Place lamb on rack in roasting pan. Brush with small amount of stock mixture. Bake in slow oven (300 degrees F.) 2½ hours. Arrange orange and lemon slices on top of lamb.

Bake 30 minutes to 1 hour, or

until meat thermometer registers 175 to 180 degrees (depending upon desired degree of doneness). Brush lamb with stock mixture frequently during cooking period.

Rowena's Brown Betty

4 slices bread, 4 tablespoons butter, 4 apples (pared and sliced thin), ½ cup granulated sugar, ¼ teaspoon each nutmeg and mace, 6 graham crackers (crushed fine),

1 tablespoon flour, 2 tablespoons dark brown sugar.

Cut bread into 1-inch cubes; brown lightly in 3 tablespoons of the butter. In 1-quart buttered baking dish arrange in layers the bread, apples and granulated sugar mixed with nutmeg and mace. Mix cracker crumbs with flour, brown sugar and remaining 1 tablespoon butter; sprinkle over apple mixture. Bake in moderate (350 degrees) oven until apples are tender—about 40 minutes. Serve warm.

MRS. JOSEPH PIDGEON presided at the regular meeting of the Travelers Club Tuesday afternoon at the Ruth Smucker House.

The program was opened by Mrs. Kenneth Wirtz who presented a paper on the painters, John Trumbull and Gilbert Stuart. Trumbull was commissioned to paint the four large murals of Revolutionary subjects that decorate the Capitol rotunda in Washington. Many of his famous portraits now hang in the art museum at Yale University. Stuart is credited with the finest and only authentic conception of the first president of the United States.

Mrs. Samuel Chessman told of the lives and works of William Allston and John Vanderlyn, who have been referred to as the intellectual painters, but who were never recognized as great artists.

Mrs. Roland Webster concluded the program with an article on Thomas Sully who was the leading

American portrait painter of his generation. His most famous portrait was that of Queen Victoria she said.

The annual Thanksgiving meeting was planned for Nov. 22, with Mrs. John Mulford as chairman of the tea committee.

FIFTEEN new members were initiated at the recent meeting of the Salem Junior Music Study Club at the home of Gail Herron of 935 Southeast Blvd.

Rev. Lentz Speaks at WCTU Rally

"We are living in an age of change and there is need to re-appraise our approach to the alcohol problem," according to Rev. James Lentz of Marion, Ind., who was guest speaker at a temperance rally Tuesday afternoon in the First Friends Church.

"We need new prayerful presentation of the perils of drinking," the speaker pointed out.

An evangelist and missionary, the Rev. Mr. Lentz has worked with hundreds of alcoholics. He is of the opinion to get them to accept God's plan of salvation is the most effective and lasting cure.

"Prejudice and indifference are the enemies of the Woman's Christian Temperance Union, and there is need of a public program of education to break them down," "Inspiration comes from information," the Rev. Mr. Lentz said.

The speaker was introduced by Miss Pearl Walker.

The Rev. Charles Coleman, Lawrence L. McCluggage and Charles McCluggage were enrolled as honorary members of the Salem WCTU.

Mrs. James Miller read scriptures and Mrs. Edith L. Dean offered prayer. Special music was a vocal solo, "Then Jesus Came" by Mrs. Harold B. Winn, who accompanied herself at the piano.

The rally was held in recognition of the Salem Union's 78th anniversary. The Union was organized Nov. 24, 1882, at the First Friends Church, with women present from the Methodist, Baptist, Christian, Presbyterian and Friends Church. Mrs. John Wetmore was the first president.

He has also given professional concerts in Egypt, Greece and the US.

In addition to his studies, he is teaching in the music settlement in Cleveland and is presenting lecture-recitals to many high schools in the Cleveland area.

The program will feature solos by both Mr. and Mrs. Constantindis, including compositions by Mozart, Beethoven and Liszt, as well as modern composers.

Alice Everett, James Wilson Wed In Ceremony At Lisbon

Miss Alice Fay Everett and James Joseph Wilson pledged their marriage vows Saturday at 3:30 p.m. in Trinity United Presbyterian Church in Lisbon, with Rev. C. O. Armstrong officiating at the double ring ceremony.

The bride is a daughter of Mr. and Mrs. George Everett of RD 1, Lisbon. The bridegroom's parents are Mr. and Mrs. Joseph Wilson of Hanoverton.

White satin bows marked the pews in the bridal aisle leading to the altar setting of palms, ferns and vase arrangements of white carnations and lighted by tapers in twin seven-branch candelabra.

Mrs. Donald Hawkins of Columbiana, cousin of the bride, presided at the organ for the traditional wedding music. Mrs. Kenneth Everett, sister-in-law of the bride, sang "O Promise Me." "Because," "Entreat Me Not to Leave Thee" and the "Wedding Prayer."

Escorted to the altar by her father and given in marriage by her parents, the bride appeared in a gown of duchess satin and chantilly lace. The high neckline with Peter Pan collar and sheer yoke graced the long torso bodice of applique lace attached to the skirt which flowed into a cathedral train.

A miniature queen's crown of pearls and sequins held her four tiered scalloped and beaded fingertip veil. She wore long mitts to match her gown and carried a white Bible the gift of her parents, topped with a white orchid and lilies of the valley with cascading streamers tied in lovers knots.

The bride's sister, Miss Lois Everett, and the bridegroom's sister, Miss Diane Wilson, served as maid of honor and bridesmaid, respectively.

They wore identical ballerina dresses of peau de soie fashioned with shirred bodice, short sleeves and full skirt with cumberbund

East Rochester, New Bremen, Pittsburgh, Pa., and Lisbon.

The bride is a Lisbon High School graduate, class of 1957. She trained and was employed until recently as a registered X-ray technician at Youngstown South Side Hospital. Mr. Wilson, a 1953 graduate of Salem High School, had four years in the US Air Force and is presently employed at the Kolcast, Inc. in Minerva.

For her honeymoon trip to the South, Mrs. Wilson wore a charcoal grey wool sheath with matching jacket, blue and black accessories complimented with the white orchid from her bouquet.

The newlyweds will reside at 208 W. Lincoln Way in Minerva. Gifts were presented to the attendants when the bridegroom's parents were hosts for dinner preceding rehearsal Friday evening at Johnny Garneau's Restaurant.

Personal Notes

Mr. and Mrs. A. L. Whitcomb of Arcadia, Pa., formerly of Salem, have returned to make their home on S. Union Ave.

Sandra Kay Hanna, daughter of Mr. and Mrs. Arthur Hanna of Franklin St., and Sandra Jean Tracy, daughter of Mr. and Mrs. George Tracy of Franklin St. have enrolled in the Central Airlines School at Hartford, Conn., for airline training. Both girls are 1960 graduates of Salem Senior High School.

Try Try Again 4-H Club Marks 25th Anniversary

The 25th anniversary of the Try Try Again 4-H Club was observed when the club presented its 1960 achievement program recently at St. Jacob's United Church of Christ.

Thirty-six members and 110 parents, relatives, past members and past advisors attended the program.

Open house was held prior to the meeting, and featured exhibits of the past year's work and an historical exhibit.

The program, under the direction of Norma Shade, president, was opened with a welcome, and the repeating of the club pledge and motto. Candace Hill led devotions, using the 4-H Chorale as a response after scripture and prayer. Kathryn Bailey was pianist for the group singing led by Miss Shade.

Among the past advisors present were Mrs. Homer Nold, Mrs. Wilbur Arter, Mrs. Charles Morlan, Mrs. Russell Miller, Mrs. Robert Bartholow and Mrs. Ralph Cook of Leetonia; Mrs. Harmon Handwork of Damascus; Mrs. John VanBlaricom of Salem; and Mrs. Homer Ferguson of Lisbon.

Mrs. Morlan was honored for having named the club 25 years ago. The club had been organized 15 years before the name "Try Try Again" was selected. Twelve former members became advisors of the club and several other former members have been or are advisors of clubs in Ohio and other states.

The club membership includes several girls whose mothers were members of the club. They are: Brenda, Karen and Sheila Wherry, daughters of Evelyn Farmer Wherry of RD, Lisbon; Diane Wilhelm, daughter of Gladys Bailey Wilhelm of RD 1, Leetonia; Betty Rudebeck, daughter of Eunice Jones Rudebeck of RD 1, Leetonia; Candace Arter, daughter of Mabel Smith Arter of Lisbon; Linda Rockwell, daughter of Theima Crawford Rockwell of RD 1, Leetonia; and Pamela Davis, daughter of Velma Crawford Davis of RD 1, Leetonia.

County 4-H agent, Joseph Berger, spoke briefly and extended greetings from the Extension Service. Humorous skits were presented under the direction of Lelia Shade.

Mrs. Carl Miller, adviser, presented pins, certificates, prizes and medals to the girls. She was given a gift from the members.

The program was closed with a candlelight service, followed by lunch and visiting.

would make a "more realistic appraisal of the international situation."

Satisfaction At Vatican

The election of the first Roman Catholic president was received with satisfaction at the Vatican.

Pope John XXIII, in a congratulatory cable to Kennedy, prayed that "Almighty God may assist you" and expressed his good wishes to "the beloved American people."

Along the coast of Ireland's County Wexford, from which Kennedy's great-grandfather emigrated during the famine of 1847, a chain of bonfires burned Wednesday night. The little town of Newross was gay with flags in celebration.

Most Western newspapers viewed the election in the light of the cold war and looked to Kennedy to put new life in the Western alliance.

"The big sleep ends" said a headline in London's conservative Daily Mail.

Stockholm Expressen, Scandinavia's largest newspaper, said the tremendous task lies ahead of checking Communist advances and said the Free World hopes Kennedy "will be able to turn the tide."

Gives Acid Treatment

Cuba's government-controlled press gave the expected secondary—and acid—treatment to the election. La Cible, referring to Kennedy and Nixon, said one candidate was "as much a bandit as the other."

But many Latin-American newspapers expressed the hope a new administration would give more attention to their national problems. Mexico City's Diario de la Tarde said Latin America expects a sort of Marshall Plan.

The Chinese Nationalists on Formosa, who had favored Vice President Nixon for his stand on Quemoy and Matsu, put on a brave face at the Kennedy election. President Chiang Kai-shek and other officials sent congratulations, and Formosa newspapers said no basic change in America's China policy would result.

Japan's multimillion-circulation dailies expressed hope for new energy and flexibility in Washington. Asahi, the largest, said the Kennedy victory was recognition of the need to "re-establish America's international leadership on a new foundation."

The election results were received indifferently in much of the Middle East.

eve of his execution was to see his own girl friend, Margaret Catlin, 17, who is expecting his baby in January.

She spent half an hour with him in a bare interview room inside the jail. They spoke through a wire grill. Margaret left weeping. "Francis kept laughing and joking—he didn't once talk about dying," she said.

"They have cut his floosy hair short and he was laughing about that."

Education Assn. Dinner Attracts 225

Approximately 225 teachers and guests attended the annual fall banquet of the Columbiana County Education Association at the Methodist Church in Winona Wednesday evening.

Senator Oliver Ocasek, staff member at Kent State University, was the guest speaker. He said teachers belong to the most vital and necessary profession in the world. He said, however, that although 40 million pupils go to school each fall, only one per cent of every dollar is spent for education.

John Baker, executive director of Southern Local School, gave a report on the National Educational Association convention at Los Angeles, which he attended last summer as a delegate.

Jerry Russell of Wellsville, teacher at No. 16 school and president of the Association, presided at the meeting.

Rev. Ashley Wilson, retired Presbyterian minister, gave the invocation.

Mrs. Ethel Mountz of United Local School was the general chairman of the banquet.

Leetonia Ruritans Plan For Projects

LEETONIA — Future projects were planned when the Ruritan Club met Tuesday evening at St. Paul's Lutheran Church.

Culver Stewart presided and announced the club was recently awarded citations for community service and membership attendance. Presentation of the awards was made at the recent district meeting at Beaver Local High School.

Members voted to sponsor a drive for funds for the high school band uniform project.

Inside Labor By Victor Riesel

Little notice or mourning by a less affluent society a pleasantly increasing number of crime combine hoods are disappearing or turning up badly bruised. Among syndicate citizenry missing from their usual shaken down routes are some who until recently were assigned to the invasion of the labor movement. Of course, no one really knows why the mob is cracking down on its own with such grim intensity now. To each its own.

Even "informed circles" are guessing — but theirs is an educated guess. They say the directors of the syndicated crime baronies are deeply concerned over a new tactic developed by U.S. Attorney General William Rogers and his Criminal Division chief, Malcolm Wilkey.

The department has created a network of 82 U.S. attorneys who are experts in syndicated crime. Twenty six of these specialists operate as a unit in the Justice Department's national headquarters. This selected group has a daring and unprecedented task beset de-

scribed by Mr. Rogers himself: "... (they are) engaged in the continuous analysis of the vulnerable points in the lifetime careers of over 250 known racketeers in the U.S."

WORKING on the personal histories of the men who make up the hierarchy of the world's only organized criminal syndicate are the agents of the FBI, the Narcotics Bureau, the Internal Revenue Service, the Immigration and Naturalization Service, the Custom Service and even the Alcohol and Tobacco Tax Unit of the Treasury Department.

This puts at the disposal of the selected 26 the knowledge of some 10,000 special agents.

Not only are the hoods' past lives an open book, but the most powerful mob leadership can't make a move now in any one of several score cities without being under surveillance of federal agents. These investigators also work with another band of organized crime specialists.

This second group inside the Justice Department is made up of 56 men "specially designated to concentrate full or part time on organized crime in the various districts."

They usually are assistants to regional U.S. attorneys who now are under directives to devote a "substantial part" of their time to the crime magnates — a word advisedly used.

Such close surveillance would make many a man nervous. The syndicate is used to heat.

However, this heat is beginning to melt some of the steel nerves and the boys are policing themselves more carefully now. They want no one stepping out of line or creating an incident.

THE RECORDS show that at least 50 of the 100 top national criminal leaders are in prison or have been convicted and are out on appeal or are under indictment.

It was 2 1/2 years ago that the Justice Department announced it would get the entire 100 and then go after another big batch.

On the industrial front, the casualties for the mob have been heavy, too. The men sent into the labor movement by the syndicate are, of course, lesser lights more easily put out.

But the Justice Department record is good — 148 convictions have

been won in the past seven years. These prosecutions have come under the Taft-Hartley law and the anti-terror and anti-extortion Hobbs Act.

In addition, the Justice Department has used the FBI to run down McClellan committee leads. This has brought 12 convictions and

"18 pending indictments." Also there were 18 convictions of labor officials on income tax charges including fraud and evasion.

It's slow work. But it slows down the invasion of the labor movement. It delays the spread of rotten boroughs in which the rank-and-

file is exploited and sold out. These are the fortified points from which the mob combines and private crooks conspire against vast national unions.

MEASURABLY NEW, IMMEASURABLY NICE! '61 CHEVY

There's more entrance space in this '61 to make getting in and out easier. More rear foot room for the man in the middle. Seats that are as much as 14% higher—just right for sitting, just right for seeing. A tremendously spacious new kind of deep-well trunk that opens at bumper level for easy, short-lift loading. But look—there's actually less outer space, leaving extra inches of clearance for parking and maneuvering! Neat trick? Bless our ingenious designers and engineers. They've shaped spacious dimensions, proved performance, thrift and dependability into the most sensationally sensible car you could buy. It's waiting for you at your Chevrolet dealer's right now.

Biscayne 2-Door Sedan. That solid Body by Fisher sensibly shaped clear back to its water loading trunk. (The floor's recessed a full 7" to hold things that have never been inside a trunk before!)

Parkway 9-Passenger Station Wagon. One of 6 easier loading Chevy wagons. All feature a new concealed compartment under the floor. And there are 4 new Chevy Corvair wagons, too.

★ Now! Big-car comfort at small-car prices ★
★ '61 CHEVY BISCAYNE 6 ★
★ the lowest priced full-sized Chevrolet! ★
★ Who says you have to do without big-car style, space and comfort just because you may be on a budget? Look over our '61 Biscaynes—6 or V8. You get Chevrolet quality, performance, roominess, the works, at a price that's competitive with cars that give you a whole lot less! ★

FARM PRICES UP — Rural acreage values this year were 172 per cent of the 1947-49 average, one point higher than a year ago. The newschart above shows yearly figures previous to 1960. A slight turnaround came after the record figure was reached March 1 and farm experts says the decline may continue.

COLUMBUS, Ohio (AP) — Ray L. Dewey, 69, was dead on arrival at a hospital Wednesday after his car crashed into the side of a Greyhound bus here, police reported. Two women passengers in his car were injured, but not seriously. An autopsy was scheduled to determine if a heart attack or the crash caused the Columbus man's death.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I could make a million off my life's story, but it's so fantastic nobody would believe it.

I met this man in a bus depot. (I'll call him Clark because he did look a little like Gable.) I was coming home from a trip and there he was, hungry, broke and homeless. I talked to him for

a long time and he seemed refined and educated.

I know you'll say I was foolish but I took him home. I'm a widow without chick or child and I have a nice, well-paying job.

I helped Clark find work, bought him a good suit and gave him free room and board. In return he gave me affection and was grand company.

For two years he accepted my hospitality. I was sure he'd ask me to marry him eventually.

Last week the shock came. He told me he was going to marry the woman across the street. I had no idea he was even seeing her. Are there any decent men left?—HOODWINKED.

Dear Hood: There are plenty of decent men left—but they aren't moving into women's homes and sponging room and board in exchange for their "grand company."

If you wanted to help the man you should have found him a job and not gone for the rooming-in arrangement.

Dear Ann: I'm the spokesman for four college sophomores aged 19—two boys and two girls.

We planned a weekend trip together, about 200 miles from here. We thought it best to tell our parents well in advance. Well, we were shocked to learn that they were all against it. They said it wouldn't look nice and that we couldn't go.

We are all good, clean kids and be on our side and print the answer.—MISUNDERSTOOD.

Dear Misunderstood: I AM on your side, and this is why I must tell you that two teenage couples should not be going off on an unchaperoned weekend.

I'm not suggesting that you can't be trusted. You may well have the highest standards in town. But if you want to be considered respectable you must live within the framework of society's conventions.

Young girls have lost their

heads under less attractive circumstances than you describe. They didn't INTEND to, but the temptation was overpowering and the controls went out the window.

If you are intent on the trip, I invite one set of parents along. They won't cramp your style.

Dear Ann: I have a friend who has offered to sing at my wedding. Before you tell me, "That's nice" I'd like to tell you she can't carry a tune in a bucket.

She has brought up this subject four times and I don't know what to say to her. She's a very nice person, although quite pushy, but we've been close for years and I would hate to lose her friendship.

My mother says I should let her sing and that people will know she's not a professional but a friend who is singing for sentimental reasons. I DON'T WANT HER to sing. What shall I do?—CORNERED.

Dear Cornered: Engage a professional violinist, organist or harpist at once. And ask your friend to be a bridesmaid.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Canned applesauce and whole cranberry sauce mixed together make a twosome that tastes good with roast duck, chicken or turkey.

20 Seniors to Play Last Game for Quakers Friday

Coach Morton Hopes Squad Can 'Get Up' for Girard Fray

Indians' Mentor Says He'll Never Forget Last Year's 58-0 Drubbing

By DICK BRAUTIGAM

Twenty seniors will be making their final gridiron appearances for Salem High Friday night when the Quakers travel to Girard to meet the Indians. This will be the last game of the year for both clubs.

Salem Coach Blaine Morton says he plans to get as many of his seniors into the fray Friday as the score of the game permits. There will be no problem with the first eleven on offense as this squad has been an all-senior unit all season.

Duane McClaskey, senior end who has been out of action since early in the season with a knee injury, is a doubtful performer again this week. The lanky pass snatcher seemed ready to break back into the starting lineup until his knee gave away again in practice Tuesday.

SALEM SENIORS who will be playing their final high school football game Friday are Fred Flory, Bob Elmsner, Bob Budd, John DeFavero, Gary Devan, Ronnie Janovec, Jake Evans, Tony Chitea, Chuck Hertel, Dick Esterly, Jim Schuster, Ricky Sulea, Fred Harshman, Al Lesch, Bob Wiggers, Tom Maresch, Jan Kaiser, Don Davidson, Larry Shaffer and McClaskey.

Head trainer Ron Ganslein, head manager Dick Dickey and assistant manager, Dave Gotthardt are all seniors who will be putting Quaker gridders into shape to play for the last time.

The Quakers may have difficulty running up a score on Girard Friday. Although the Indians have lost five of eight games, their worst setback was the 22-6 reverse handed them by East Liverpool.

Girard was without the services of its best lineman, guard Ron

Scarfo, in the East Liverpool game. However, since the game with the Potters, Girard has lost two big tackles through injuries. They are George Bzina, 190, and Frank Santagaga, 200.

OF GIRARD'S other four defeits this year, one was by eight points to Warren St. Mary's, another one by two points to Struthers, one by six points to Boardman, and the other by four points to Brookfield.

Coach Bill Battin of the Indians says he has two good replacements for the tackle slots in Dan Ambrose, 180, and Howard Beardman, 180.

Girard has yet to beat Salem in five tries. Last year, the Quakers rolled up a 58-0 win here over the Indians.

"I'll never forget that game," Coach Battin commented. "We had 17 players out with injuries and three or four more were hurt that night."

"You really poured it on," Battin continued. "You were out for a state rating and that's what happened."

COACH BATTIN SAYS that from all indications, the Salem line will be the best he has faced all year. "That fullback (Ron Janovec) is a real good one and of course you still have Davidson (Don)," Battin remarked. "I understand that Edling (Dave) can move, too."

"How about those boys who moved in?" the coach asked. "You people ought to play Niles. They bring in ball players, too. We don't play them anymore. We don't bring in players," the outspoken Girard coach chided.

Incidentally, Salem's contract with Girard, as yet anyway, has not been renewed for 1961.

Game time Friday is 7:45 p.m.

Campbell Has Snagged 53

Washington State Sophomore Nears Pass Catching Mark

By The Associated Press

Washington State's Hugh Campbell is catching passes at a rate almost unprecedented in major college football. After eight games, the Cougar sophomore has snagged 53 for 712 yards and seven touchdowns, NCAA Service Bureau statistics showed today.

Only three players have caught more even during an entire season, and if Campbell can pass

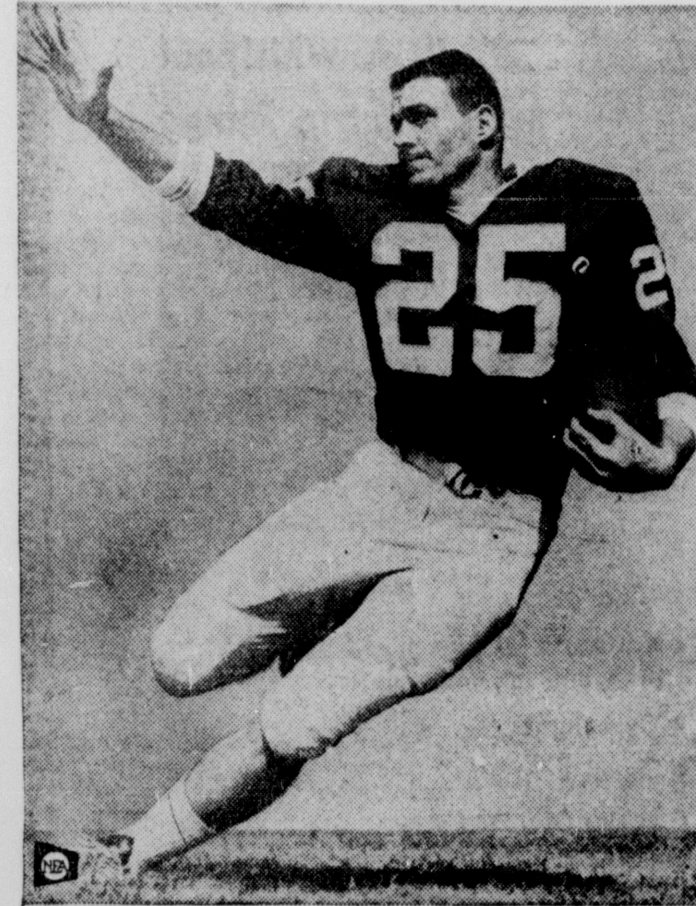

them in his two remaining games, he likely will become the third record-breaker this season.

Already one NCAA modern record has been broken and two have been tied, all in the kicking department. Ed Dyas, Auburn fullback, has kicked nine field goals, a record for one season, and his career total of 13 equals another record. Nolan Jones, Arizona State placekicker, has booted 22 points after-touchdown without a miss, equalling the full-season record.

Campbell is 19 pass receptions and 385 yards ahead of his nearest rival, Duke's Tee Moorman.

SALEM TO PLAY STRUTHERS?

Salem High's 1961 football schedule is expected to be released soon. A good bet for the opener—the Struthers Wildcats, a team the Quakers haven't met since 1955.

ALL THE WAY — Baylor not only shakes Ronnie Bull loose on distance jobs, but also calls on the 9.7 sprinter for bread-and-butter short gains. He's a vicious tackler, too.

Blackburn Resigns Post

Cincinnati U. Hunts New Grid Coach

CINCINNATI (AP)—The University of Cincinnati, plagued with several mediocre seasons, shrinking crowds and lack of interest in membership in a conference that has only four football-playing schools, started on the hunt today for a new football coach.

George Blackburn Wednesday quit the job—he has handled since 1955. He still had a year to go on a three-year contract.

Blackburn, who said only that he believed his resignation would be in the best interest of all concerned, will handle the Bearcat grid team through its final two games of the season against Marquette and Miami.

It was too soon to tell who Athletic Director George Smith might have in mind as Blackburn's successor but several names quickly came up.

They included Nick Skorich, now a line coach with the Philadelphia Eagles of the National pro league; Lowell Storm, head coach at Springfield South High School; Harry (Mick) Connolly, former coach at Xavier and now an assistant at Holy Cross, and Doyt Perry, coach at Bowling Green State University.

Skorich and Storm both are former Cincinnati players.

Springfield's Lead Cut To Two Points

By The Associated Press

If the Springfield Indians had entertained any thoughts of making a runaway of the American Hockey League race, the notion has been quickly dispelled.

The Indians, who won 11 of their first 13 games, lost their third straight Wednesday night to tighten things up considerably. The Hershey Bears turned back Springfield 3-2 while the Buffalo Bisons whipped the Rochester Americans 5-2.

Springfield's lead over runner-up Quebec was cut to two points. Hershey moved into fourth place, one point behind third-place Cleveland. Buffalo's climbed to fifth place as Rochester fell to sixth.

The Indians' setback snapped a seven-game winning streak at home. The three straight defeats all have been by the same score, 3-2.

Willie Marshall, who assisted on Hershey's first two goals, scored the deciding tally.

One-Armed Youth Excels In Football

SPRINGFIELD, Mass. (AP) Gerry Lebrasseur of American International College is a prime example of an athlete who has conquered major odds.

Born with one arm, Lebrasseur has written a life story of courage and inspiration.

The senior co-captain and center on the AIC football team is considered one of the finest linemen ever to play for the Aces.

And despite his disability, he has chosen to specialize in the roughest sports of all — football and hockey.

He's been a three-year starter in both and also has had a distinguished high school career in those sports.

The 24-year-old son of a Lynn carpenter came to AIC through the efforts of Dr. Elmo Benedetto, director of schoolboy athletics in the North Shore City.

Lebrasseur also plays intramural basketball and is an excellent swimmer. His major is in business, with a minor in education.

AIC Football Coach Gay Salvucci has this to say about his crack linebacker and kickoff man:

"We're all very proud of Gerry—he's a fine leader and a tremendous inspiration to the rest of the players. He goes all out in every game, fundamentally a very sound football player. He can tackle with the best of 'em and is a very good kicker."

Cleveland Fighter Offered Title Bout

MANILA (AP) — Solomon Boy-saw, Cleveland, Ohio, fighter, has been offered 20,000 pesos (\$10,000) to fight world junior lightweight champion Flash Elorde of the Philippines in a title bout here sometime in February.

Elorde's manager and father-in-law, Lope Sarreal, cabled the offer to Boysaw's manager Willie Ketchum, in Cleveland. The offer stipulates that in the event the Filipino champion loses to Boysaw, a return bout will be held in three months' time, also in Manila.

Boysaw is rated by the National Boxing Association as No. 1 challenger to Elorde's 130-pound crown.

Five Sites Seek Heavyweight Fight

NEW YORK (AP) The site and date of the third Floyd Patterson-Ingemar Johansson heavyweight title fight probably will be announced within a week.

Managing Director Humbert Fugazy of Feature Sports, Inc., announced Wednesday two more bids have been received for the rubber match, bringing the total to four outside of New York. He declined to disclose details.

Ohio U Keeps Grid Poll Lead

Southern Illinois Drops Out of Big 10

By The Associated Press

There are so many classy small college football teams around that one defeat can prove costly when it comes to making The Associated Press' top 10 rankings.

Southern Illinois absorbed its first defeat of the year—27-6 by all-winning Bowling Green—and dropped completely out of the top 10. A week ago Southern Illinois was sixth in the AP rankings, made by football leapers in eight districts of the country.

Ohio University's Bobcats maintained their hold on first place by whipping Marshall 19-0 in the rain for their eighth consecutive victory. Right behind the Bobcats are nine other all-winning teams.

Lenoir Rhyne moved into second place in a switch with Florida A&M's high-scoring Rattlers. Bowling Green (7-0) moved up to fourth from fifth, followed by Iowa State Teachers, Tufts, Whitworth, Fresno State, Humboldt State and Muskingum (7-0).

Ohio U's ranking will be endangered Saturday when it meets Bowling Green for the Mid-American Conference title. A week later Ohio U. faces Southern Illinois, a team hoping to regain prestige.

The top teams with first place votes in parentheses (10 points for first, 9 for second, etc.):

1. Ohio U. (4)
2. Lenoir Rhyne (2)
3. Florida A&M (1)
4. Bowling Green
5. Iowa State Tchrs
6. Tufts (1)
7. Whitworth
8. Fresno State
9. Humboldt State
10. Muskingum

Buckeye Waterfowl Hunting Improved

Buckeye waterfowl hunters had better hunting during the first 10 days of the season than for the same period last year, a survey of Ohio Division of Wildlife district game personnel showed. They found and killed more game than they had expected. Biggest single factor apparently was the big increase in the number of geese.

In northeastern Ohio, hunters experienced fair to good duck hunting success at first, but it has tapered off some by now. Main species are wood duck, mallards, bluewing and greenwing teal. Goose shooting has been better than average, too, with good flights being noted.

Roger Maris Gets 1960 MVP Award

RAYTOWN, Mo. (AP) — Roger Maris, the American League's most valuable player for 1960, brushed aside comment on his award today with the declaration that the New York Yankees "should go on and win it again next year."

A four-year major league veter-

the award three players received more than 200 points.

Following Robinson in the voting were Minnie Minoso, Chicago, 141; Ron Hansen, Baltimore, 110; Al Smith, Chicago, 73; Roy Sievers, Chicago, 58; Earl Battey, Washington, 57; Bill Skowron, New York, 56, and Jim Lemon, Washington, 56.

Lisbon Grid Coach Still 'Available'

Edwin "Bud" Bucher, highly successful coach of the Lisbon Blue Devils for the past 15 years, said today that he has "contacted no one and no one has contacted" him about football coaching job next year.

Bucher, who resigned his coaching position, effective at the end of this season, at Lisbon after a disagreement with the administration, has been rumored to be in line for jobs at numerous schools, including Boardman and Struthers.

Bucher says he would like to continue coaching, but he emphasizes that, as yet, he has made no effort to line up another job for next year. Bucher, whose football team has won four straight games after a slow start, teaches American history. The popular mentor was carried off the field by his players after the Blue Devils upset Columbiana 28-0 last week.

Yale Over Princeton

Ivy League Glory Restored

By HARRY GRAYSON
Newspaper Enterprise Sports
Editor

NEW HAVEN, Conn. — (NEA) — There are a half dozen or more big games Saturday as the college season hits the tree-top high stage. And the fact that you can list the one between Yale and Princeton on top indicates to what extent these Bulldog and Tiger editions have restored the prestige of the Ivy League.

More than 70,000 will fill the Yale Bowl to capacity, so you see the customers do not object in the slightest to the combatants in armor being scholars as well. Princeton, with one leg on the Big Three title and unbeaten since rather surprisingly repelled by Rutgers in the opener, possesses a lot of fine athletes. They are headed by a pair of highly formidable tailbacks, Hugh Scott and Silky Sullivan, running out of the single wing installed by the late Charley Caldwell and now engineered by Dick Colman.

BUT A LOT OF KNOWING football men agree with Coach John Stiegman of Pennsylvania that this is the most accomplished Yale varsity in a decade. The Elis have a Big Ten interior line and a couple of backs, Tom Singleton and Bob Blanchard, to match. Fittingly enough, several of these lads come from Western Conference territory.

Because this handicapper seriously doubts that Princeton has enough muscle up front to handle Yale's hard-noses, he is picking the Blue to prevail, say 28-13. The fact that the Elis have just had a

good look at Penn's single wing, and scored 34 points against it, should work to their advantage. The single wing is rarely seen these afternoons, and the Princeton and Penn attacks are identical.

Fully aware that Harvard is next and that these games are contested with complete fervor, this observer has a hunch this Yale outfit is going to be the first all-conquering one in 37 years.

WHILE DISLIKING TO SAY it, the idea is that Purdue is going to spoil the wonderfully dramatic story which has been written at Minnesota this fall, something like 26-22. Murray Warmath can't be expected to keep the Gophers going beyond their physical ability for an entire campaign. Ohio State is fighting to stay alive in the Big Ten race, and the choice is Buckeye might over Iowa speed, 32-13. I like Mississippi over Tennessee, 20-7. Jim Cartwright, the Volunteers' only first class blocking back and their leading linebacker is injured. The only thing favoring the Vols is psychological. Ole Miss has never prevailed in Knoxville.

I lean to Texas over Texas Christian, 22-13. The Longhorns are an excellent squad with superior speed and depth.

Alvin Dark Makes First Decisions As Giants Manager

SAN FRANCISCO (AP) — Alvin Dark made his first decisions as manager of the San Francisco Giants Wednesday. He hired two former teammates as coaches.

Dark, signed last week, selected Larry Jansen and Whitey Lockman and retained Wes Westrum and Salty Parker for his coaching staff. Bill Posedel was released to make way for Jansen as boss of the bullpen.

Dark, Lockman, Jansen and Westrum were all key figures for the Giants that October day in 1951 when Bobby Thomson's home run beat the Brooklyn Dodgers in a National League playoff and gave the Giants their first pennant in 14 years.

The 116 wins piled up by the 1906 Chicago Cubs stand as a National League record. The Cubs finished 20 games ahead of the runner-up Giants that year.

SLICK SOPH — Tom Hutchinson, Kentucky's sophomore end, is among the nation's top college pass receivers.

Mays, Cepeda Homer For Giants In Japan

HIROSHIMA, Japan (AP) — Two home runs by Willie Mays and Orlando Cepeda in the fourth inning helped the San Francisco baseball Giants defeat the Japanese All-Stars 4-1 today.

It was the Giants' 20th win against three losses and one tie in their 16-game goodwill tour which ends Sunday.

Stars as First String End

Youth With One Hand Sparkles In Grid Play

By ROSS M. HAGEN
Associated Press Sports Writer
NASHVILLE, Ga. (AP) — Franklin Luke is pretty much like any personable young high school athlete you'd meet, except for one thing. His left arm ends just above the wrist.

Usually this would be enough to discourage anyone from pursuing such two-handed sports as football and basketball.

But the farm boy, at 17, is the first string end on the Berrien County High School football team and is one of their most dangerous offensive weapons.

In his latest outing, Luke nabbed a pass with his handsless arm and ran for a touchdown. The play covered 35 yards.

Before losing his hand in a hay

baler accident three years ago, young Luke appeared destined for a fine career in basketball.

"The accident didn't dampen his morale a bit," says his high school coach, Arnold Guterrez. "After recovering, he went back out for basketball and did okay except in tight situations. He finally became discouraged and quit."

"This opened the door for another outlet—football."

"He catches the ball as well as anyone we've got and does a real good job for himself."

"Franklin is just a junior, but can hoist 135 pounds with his good arm. He can also do one-handed pushups. He has to. We don't show him any consideration so he has to do it all himself. He wouldn't want it any other way."

Archers Take Deer At Ravenna Arsenal

RAVENNA — Archers helping to reduce the large herd of deer on the U.S. Ravenna Arsenal here in four days of hunting have harvested 64 deer, 38 bucks and 26 does. The hunting days were October 12, 22 and 29 and November 5 and there were 30 bowmen each day.

The largest deer killed was a buck which weighed 250 pounds field-dressed. On the first day of hunting the Ohio Division of Wildlife had a checking station on the grounds. The oldest deer killed was between six and seven years old, while the average was three to four.

Today's baseball bullpen is of exaggerated value, says Hall of Fame first baseman Bill Terry.

QUESTION: A player from the bench tackles or impedes a runner who is in the clear on his way to a reasonably assured touchdown. What would the correct ruling be in this situation?—James Brown.

ANSWER: Award a touchdown and disqualify the player who was on the bench from further participation in the game.

Q: The safety man makes a valid fair catch signal and is tackled by a defensive end after taking more than two steps. A tackle of the kicking team piles on. Ruling?—Van.

A: These are offsetting fouls. The ball becomes dead where it was caught and it is first down and 10 with the receiving team keeping the ball.

Q: A punted ball hits the ground beyond the neutral zone, then bounces untouched back behind that zone, where the kicking team recovers the ball. What is the ruling?—Met.

A: It is the receiving team's ball.

at the point where it was recovered and is first down.

Buckeyes Throw Big Ten's One-Two Punch at Hawkeyes

Matte, Ferguson Set Torrid Pace

Lead Conference in Passing, Rushing, Respectively, Statistics Reveal

CHICAGO (AP)—Ohio State will face Iowa Saturday with the Big Ten's greatest one-two punch — fullback Bob Ferguson and quarterback Tom Matte.

Ferguson continues as the conference's leading rusher and Matte as the No. 1 passer, according to official statistics today.

Ferguson has rammed 400 net yards in 78 trips for a 5.1 average. Matte has hit on 21 of 35 passes for a .600 percentage, 317 yards and four touchdowns. The statistical grading system gives

Bald Eagle Favored In Race

\$100,000 Event Set At Laurel Park

LAUREL, Md. (AP) — There was plenty of speculation today about which horse would go toward the favorite in the \$100,000 Washington, D. C., International Friday at Laurel Park. Some say Bald Eagle, last year's winner, holds the Harmonizing, and still others swing towards the French ace, Puissant Chef.

The calm advice is — don't let it worry you. After eight Internationals they're still waiting to greet a favorite in the winner's circle.

Most observers favored Bald Eagle, Capt. Harry F. Guggenheim's 5-year-old star, at around 7 to 5, with Henri Aubert's Puissant Chef 5-2 and another French horse, Hautain, 3-1. Harmonizing was tabbed at 10-1.

Then the official track program odds-maker threw this early line at the "experts" and this was the recipe:

Harmonizing, 5-2; Bald Eagle, 3-1; Puissant Chef, 4-1; and Hautain 10-1.

The Laurel management calls this the "Olympics of Racing," or "The Race of Distinction." It costs nothing for a horse to start, the track foots all the bills, and with the \$100,000 purse, the figures runs close to \$200,000.

Wilt the Stilt Hits 46 Points For Warriors

By The Associated Press

Wilt Chamberlain keeps on scoring baskets and the Philadelphia Warriors keep on winning games. That's been the theme of the National Basketball Association season so far.

Chamberlain amassed 46 points Wednesday night as the streaking Warriors defeated the Los Angeles Lakers 125-118 for their seventh consecutive victory.

The Philadelphia-Los Angeles game was the opener of a double-header at St. Louis. In the second game, the Hawks posted their fifth straight triumph in beating the Detroit Pistons 126-120.

Chamberlain's scoring output was the highest individual effort of the season. He also had the season's previous high of 44.

LIVING DANGEROUSLY — Jack Rounds throws up his hands as his car, one wheel off, flips through the air after hitting a stalled mount during a 100-mile race at the Sacramento, Calif., Fair Grounds. Gene Force, going at full speed, watches. Rounds was hospitalized, but miraculously was not seriously injured. Lady Luck was at his side.

Selection Board Tabs All-Americans

By JERRY LISKA

Associated Press Sports Writer

CHICAGO (AP)—A couple of B-boys, who put bees in their opponents' bonnets, will tangle as All-America prospects in top-ranked Minnesota's Saturday challenge to Purdue.

One is this area's most impressive All-America candidate, guard Tom Brown, a 243-pound Gopher play-wrecker. The other is Purdue's 222-pound tackle, Jerry Beabout, who has been a thorn in the side of every Boilermaker opponent.

The Midwest All-America selection board today continued high praise of Brown after Minnesota's 27-10 upset of the nation's No. 1 team, Iowa, last Saturday. Brown Wednesday was named Associated Press lineman of the week for his superlative play against Iowa.

"In my opinion, he's the best football player in America," said board member Bill Jauss of the Chicago Daily News. Dick Cullum, grid expert of the Minneapolis Tribune said "if an interior lineman could win the Heisman Award, Brown would be the one."

Other top - rated Midwest All-America candidates include quarterback Tom Matte and fullback Bob Ferguson of Ohio State; ends Earl Faison of Indiana and Elbert Kimbrough of Northwestern; and quarterback Wilburn Hollis of Iowa.

Matte and Hollis hook up in a personal feud Saturday as the Buckeyes and Hawkeyes clash at Iowa City in a nationally televised game which could produce a Big Ten co-champion — if Minnesota stumbles against Purdue or Wisconsin.

Matte leads the Big Ten in passing and is second in rushing to bull-like Buckeye mate Ferguson.

The towering, fierce Faison continues to be a sterling performer even though Indiana is a Big Ten orphan and has won only one of seven games. Ohio State coach Woody Hayes said of Faison after the Buckeyes' 36-7 rout of the Hoosiers Saturday: "He is one of the great ones to play in Ohio Stadium."

The Associated Press board this week also cast special citations to such players as end Tom Hall, fullback Toger Hagberg, tackle Bobby Bell and quarterback Sandy Stephens of Minnesota; fullback Mike Stock of Northwestern; halfback Bill Tunniff of Michigan; and halfback Jim Tiller of Purdue.

'Might Be Interested'

Stengel Huddles With Tigers Today

GLENDAL, Calif. (AP) — Casey Stengel went into conference with executives of the Detroit Tigers today after indicating he "might be interested" in managing the American League team in 1961.

"I want to see if it's a good situation they have, what their plans are for getting ballplayers, and making deals," said the 70-year-old ex-New York Yankee pilot of the sixth place Tigers.

"I do not want to get tangled up with any second division team unless it is willing to make some important changes."

Some observers took that to mean Casey is not at all interested in the Los Angeles Americans, whose roster will be composed of nonexempts from other teams in the league.

Stengel is meeting at his home with Rick Ferrell, chief aide to President John Fetzer of the Tigers, and Vice President James Campbell.

Gopher Guard Is 'Lineman Of Week'

MINNEAPOLIS (AP) — Strange things happen to Minnesota football rivals when a restless mauler named Tom Brown looms in view.

"Brown," smiled Gopher Coach Murray Warmath, "affects people that way."

He affected Iowa so painfully Saturday that the Hawkeyes lurched and foundered, lost their big game to Minnesota 27-10 and surrendered No. 1 rank in the nation to the Gophers.

For his work, Brownie was named the Associated Press lineman of the week.

Brown, a 240-pound guard, is so tough his reputation alone bothers people.

In the Iowa game center Bill Van Buran snapped his center pass two feet over the head of punter John Calhoun and Minnesota had a touchdown two plays later.

Brown makes no claim that Bill got a little edgy bracing for the Gopher lineman's charge. "But you're not human if you don't worry with Brownie looking down your throat," a teammate said.

Against Iowa the 23-year-old former Navy policeman sealed off the middle on defense, helped protect the flanks, opened the road for numerous gains and delivered the most spectacular defensive play of the game.

On that one he hurled lineman Iowa Bill Decindio into quarterback Wilburn Hollis to break up a play on the 5-yard line and force Iowa into a field goal attempt.

'Much Improved' Cardinals Set to Tackle Browns Sunday

CLEVELAND (AP) — The St. Louis Cardinals, who play the Cleveland Browns here Sunday, are a greatly improved defensive team, according to Mike Nixon, coach of the Washington Redskins. 4-3.

Nixon, who has had a good chance to look at both the Cardinals and the Browns, said he would be hard put to compare the two teams.

"But I know the Cards have a greatly improved defensive team, that they are hustling, and that that's very important. They'll have their hands full because Cleveland has a fine offensive team. It ought to be a good contest."

The Browns beat the Redskins 31-10 two Sundays ago, and the Cards trounced them 44-7 last Sunday.

"That John Crow is a one-man gang," said Nixon, speaking of the 25-year-old halfback who scored two touchdowns and led both teams in rushing with 84 yards in 18 carries. "I haven't seen a better one in this league in a long time. He's the best back in the league, bar none."

In addition to his running, Crow connected on two touchdowns passes for 75 yards.

The Cards have scored 174 points in seven games and have given up 144. That's an average of 253 per game scored and 20 allowed, compared with 31 scored and 18 permitted by the Browns.

St. Louis could move ahead of the Browns by winning Sunday.

Pumpkin Puddin' Pie Is Holiday Treat

By GAYNOR MADDOX [the family Thanksgiving dinner, the food is often partly "toted." In the great Midwest, when part of the immediate family lives away from home and relatives come for around a beautifully roasted turkey with stuffing. But the fixin's, all feast-day favorites, are easily "toted" to the place of festivity by visiting members of the family. The hostess' main job is the bird—the remainder of the cooperative menu will arrive with daughter Jane, cousin Sue or aunt Betty. Pumpkin Puddin' Pie is a natural for "toting" and a perfect climax for a Thanksgiving meal.

Cook bacon until crisp; crumble. (Reserve 2 tablespoons of drippings.) Place corn bread crumbs, bread crumbs, carrots, raisins, onion and bacon in large mixing bowl. Add salt, sage and pepper, tossing lightly. Add butter and drippings, mixing thoroughly.

Moisten dressing with milk. (For moistener dressing use additional milk.) Stuff dressing into neck region and body cavity of turkey. Roast according to standard roasting directions.

Dressing may be baked in a covered casserole in a slow oven (325 degrees F.) for 1 hour.

MIDWEST THANKSGIVING DINNER: Cranberry gelatin salad, roast turkey, carrot-bacon corn bread dressing, scalloped potatoes, pumpkin pudding pie, fruit bowl, nuts and raisins, coffee, tea, milk, cider.

Beef Rolls

4 brown-and-serve club rolls, 1 pound lean ground beef, 1 cup grated cheddar cheese, 1 tablespoon Worcestershire sauce, 1 teaspoon salt.

Bake rolls according to package directions; cut in half lengthwise. Meanwhile mix beef, cheese, Worcestershire and salt; spread over roll halves, covering edges completely. Bake on foil or greased very shallow pan in hot (400 degrees) oven 12 minutes. Serve at once. Makes 4 servings. Note: The club rolls used in testing were about 4 inches long and 2 1/2 inches wide. If ready-baked rolls are used, cut in half lengthwise, add beef and bake as directed.

Thinking of preparing salmon croquettes for lunch or supper? For a change, try adding mashed potatoes instead of bread crumbs to the flaked salmon and egg. Season with lemon as well as salt and pepper.

Salem Coffee Bread

3/4 cup milk, 3/4 cup sugar, 1 teaspoon salt, 1/2 cup shortening, 1/2 cup warm water (105 to 115 degrees), 3 packages active dry yeast, 2 eggs, beaten, 3 cups flour (about), divided, 1 envelope instant whipped potato flakes.

Scald milk. Stir in sugar, salt and shortening. Cool to lukewarm (95 degrees). Pour warm water into large bowl. Sprinkle dry yeast over surface and stir until dissolved. Stir in lukewarm milk mixture. Add 2 beaten eggs, 2 cups of flour and potato flakes. Beat until well blended. Stir in remaining 1 cup flour.

Turn dough out onto lightly floured board. Knead until smooth and elastic, about 10 minutes. Place in greased bowl; brush top with soft shortening. Cover. Let rise in warm place, free from draft, until doubled in bulk, about 45 minutes. Punch down and turn out on lightly floured board.

Divide into 3 equal portions; roll each piece into a strip about 24 inches long. Place strips on greased baking sheet. Form into braid. Pinch ends firmly.

Let rise in warm place, free from draft, until doubled in bulk, about 30-40 minutes.

Bake in moderate oven 350 degrees F. about 30-35 minutes. Brush with melted butter.

When cool, frost with thin icing and sprinkle with slivered toasted almonds. Makes 1 large braid. If desired, dough may be divided to make 2 small braids.

Shrimp Remoulade

1 cup mayonnaise, 2 hard-cooked eggs (minced), 1/4 cup minced pimiento-stuffed olives, 1 tablespoon minced green pepper, 1 teaspoon dry mustard, 1 teaspoon Worcestershire sauce, 1 small clove garlic (crushed), 1 1/2 pounds shrimp.

Mix mayonnaise with eggs, olives, green pepper, mustard, Worcestershire and garlic; chill to blend flavors. Have shrimp cooked and shelled and deveined; cut in half lengthwise if medium-size or larger and if desired. Serve shrimp

with sauce; garnish with salad greens or parsley. Makes 8 servings. Garlic may be omitted.

Oyster Stuffing

(Enough for 14 to 16-pound turkey)

One pint oysters, drained and chopped; 1 cup chopped onion, 1 cup (2 sticks) margarine, 1 tablespoon salt, 1/2 teaspoon pepper, 1 teaspoon poultry seasoning, 1 1/2 cups oyster liquor and hot water, 3/4 quarts (14 cups) small bread cubes (firmly packed), 1/2 cup of chopped parsley.

Saute onion in margarine until soft. Combine seasonings with bread cubes. Add margarine with onion. Add chopped oysters and parsley. Add oyster liquor and stir lightly. Stuff bird lightly; do not pack.

Stuff tomatoes with cottage cheese mixed with minced chives and parsley. Good for weight watchers.

Treat your family royally with this new twist of an old favorite—Crown Roast of Wieners.

The center's a stuffing of mashed potatoes and crisp croutons flavored with bits of bacon, bright parsley and poultry seasonings.

Shaping the crown is a simple matter, too. Once the mound of potato stuffing is formed on the center of a baking sheet, the wieners are pressed into it at equal intervals. Tying them around the

Squash and Apples

1 pound butternut squash, 1/2 cup boiling water, 1/4 teaspoon salt, 2 apples (cored and cut in quarters), 3 tablespoons dark brown sugar, 2 tablespoons dark corn syrup, 1/2 teaspoon grated lemon rind, 1/2 teaspoon lemon juice.

Pare squash; remove seeds and stringy portion; cut in strips about 1/4 inch wide and as long as apple pieces.

Cook rapidly covered in water with salt in 10-inch skillet about 10 minutes; add apple and continue cooking until both squash and fruit are tender—about 10 minutes more. Water should be absorbed.

Add sugar, syrup, lemon rind a juice; mix well and heat. Butter may be added and more salt if necessary.

Makes 4 servings. Add more water if necessary to cook squash and apples; drain.

HOUSEHOLD HINTS

Compatible flavors: frost a banana cake loaf with confectioners sugar spiked with lemon juice and grated lemon rind.

Because of the nap of corduroy and its ability to collect lint, don't launder it with sheets, towels, diapers, or other items which would add lint, say extension specialists at Ohio State University.

Some secrets its owner can't keep!

We wouldn't go so far as to say that your life is an open book when you're seen in the company of a new Cadillac car.

But we will admit that at least a few of the pages have been turned.

For a Cadillac indicates—with unmistakable clarity and eloquence—the personal virtues that lead a man to the "car of cars".

Beautiful, distinctive and substantial—it reflects his eminence in his field of endeavor . . . and testifies to what he has made of his years.

Gracious, spacious and luxurious—it denotes his desire for comfort . . . and his concern for the well-being of his family and passengers.

Practical, sound, and desired—it evidences his

awareness of the true aspects of value and quality.

And if a Cadillac has historically cast such credit on its owner—how much more grandly it will do so in 1961!

For the car now offers more of everything to inspire the respect of those who behold it.

Its styling is graceful as never before. Its interiors are remarkably generous in every dimension. And its performance and ride make every journey a miracle of motion.

You ought to inspect and drive this 1961 Cadillac.

Your dealer will be delighted to accommodate you. And we wager you'll quickly see the wisdom of letting the "car of cars" reveal a few discreet secrets about you.
